Resolve Inconsistencies or Concerns when registering from Guest Catalog

What?	There were some inconsistencies with items seen in the Guest Catalog versus being seen as a logged in user.
Why?	Sometimes a learner accessing a class would not see the price being before the registration confirmation page. It is possible there could be a price difference between a class seen through the Guest Catalog and after being logged in due to price lists and differences in currencies. If an item is free, then the bottom should say "Enroll" instead of "Buy Now".
Where?	Home > Course Catalog
